

Tankworks
Made to measure. *Made to last.*

Raising the standard of free-standing garden beds.

Thought you didn't have
the space for a garden?
Think again.

The Tankworks range of stylish
lightweight garden beds bring even
the smallest spaces to life. With
our unique made-to-measure
system you can choose a garden
bed that fits your space perfectly.
Made from high strength steel,
with an internal food-grade
polymer lining for long life
protection, our garden beds are
made to last.

Choose your colour and size.

Our unique made-to-measure system gives you the freedom to choose exactly the size you need.

Our extensive range of colours will ensure that your garden bed fits into your environment perfectly.

Visit us at www.tankworks.com.au to design your ideal garden bed today.

- ▶ Select your style, Slimline or Round.

- ▶ Select your own measurements to suit your space.

- ▶ Select your own colour to match your home. See it rendered on your tank instantly.

Elegant

- ▶ Great for small courtyards and patios.
- ▶ Easily positioned anywhere in your garden.
- ▶ Made-to-measure, for the perfect fit. All sizes tested and engineered to support the weight of the soil.

Sustainable

- ▶ Great lightweight alternative to treated pine (which can contain toxic chemicals), expensive hardwood and heavy concrete beds.
- ▶ Fully recyclable with low environmental foot print.
- ▶ Self supporting and will not degrade under the harsh Australian sun.
- ▶ Will not crack split and rot.
- ▶ 5 year structural warranty.

Convenient

- ▶ Fast delivery to your door. No assembly required.
- ▶ Less bending over.
- ▶ Natural drainage, allows for worm movement.
- ▶ Good for children, people with bad backs or the disabled.
